

NCTC did a Big Tent Groundbreaking on an AG Building & Arena in 2004 but, ***NCTC Never Built the AG Building*** 🙄

Dr. Hadlock & Dr. Bill Ledbetter ignored a request to put it on the NCTC Board Agenda in 2008, they've had enough reserves (@ \$1.822 million) to build it for several years

Something else always seems to be a higher priority 🙄

***Why should we think they are committed to Agriculture this time??***

**==> Vote No on \$30+ Million Bond to Double NCTC Taxes Nov 8th**
